

## AT A GLANCE

A global leader in payment and account monitoring solutions:

- 95% fraud stopped with only 5% intervention
- 20 billion+ transactions processed each year
- ~\$200 billion in Payment Volume protected annually
- Over \$2 billion in fraud savings for our customers

By using our **comprehensive fraud detection and prevention solutions**, Outseer customers can benefit from lower fraud losses, higher revenue, and profitable growth.

## About Outseer

**Outseer empowers the digital economy to grow by authenticating billions of transactions annually.**

With the transformation and growth in digital banking and payments, Outseer customers have the opportunity to dramatically grow their businesses while successfully tackling the major fraud risks and challenges that come with this growth.

**The Outseer Intelligent Platform™** enables our customers to provide comprehensive fraud protection across the digital journey. Point solutions are often too narrow in focus and miss the holistic view of the fraudster.

**At the core of the platform is the Outseer Risk Engine™**, built for precision detection to deliver the most effective signals used to detect and prevent fraudulent activity. Our predictive algorithm works in real-time to analyze hundreds of signals coming from the Outseer Global Data Network™, our Partners, and our Customers.

**Leveraging 20 billion annual transactions** and 1,000 global institutions contributing to the **Outseer Global Data Network**, our identity-based science delivers the highest fraud detection rates and lowest customer intervention in the industry.
